NEW TOWN MANAGER LANCASTER GETS NOD BY SELECTMEN

At a press conference last night, Chairman of the Board of Selectmen, Donald Kidder, announced the appointment of Cecil O. Lancaster, of Mansfield, Mass., as the new town manager of Wilmington.

Mr. Lancaster, an applicant for the position last March, had in effect been elected by a 3 to 2 vote of the Board of Selectmen, at that time. Only after a recall vote, in which Selectman DeFelice (who had voted for Mr. Lancaster earlier) switched his vote, did the present town manager emerge victorious.

Mr. Lancaster, 44, married with two children, was born in St. Albans, Maine and is a graduate of Maine Institute, School of Aeronautics in Newark, New Jersey, and the University of Maine.

A World War II veteran, he served five years in the service, 36 months of which were in the South Pacific Theatre of operations.

He has served in capacity of town manager in Hartland, Maine, 1952 and 1953; Wells, Maine, 1953 to 1955; and Mansfield, Mass., from 1955 to the present date.

Mr. Lancaster was first notified of the opening here in Wilmington by Chairman Don Kidder and came down from Bangor, Maine (where he was vacationing) to be interviewed.

In a conversation with the Board of Selectmen in Mansfield, the Chairman told Don Kidder that "Mr. Lancaster was the most honest, efficient, straight forward type of gentleman that he had ever met, and was very sorry to see him leave."

Mr. Lancaster's resignation will be formally accepted by the Board of Selectmen in Mansfield at their next meeting.

His salary will be the same as former town manager Calabrese, for the remainder of this year. (\$8,200)

It is expected that Mr. Lancaster may take up his managerial duties here in Wilmington at the latter part of August, at which time he will probably have located his family in the town.

15 MINUTES TO BOSTON--is what the Wilmington resident can look forward to upon completion of new Route 93. This scene of the new route was taken from the bridge on Route 62, spanning Route 93, looking South towards Boston.

PATRICK THIBEAU TO BE ACTING TOWN MANAGER

Patrick Thibau will be the acting Town Manager during the next two weeks in which T.M. Calabrese will be on vacation, prior to effectiveness of his resignation. Mr. Thibau, who is the Public Health Agent, took over managerial duties last Monday morning and will probably continue to act as such until the new Town Manager will take over.

EVEN - ING TIME

Three weeks ago, this paper predicted that T. M. Calabrese would resign his position. HE DID---the following week.

Two weeks ago, this paper editorialized to the extent that our Selectmen should keep an open mind in their choice of a new Town Manager. At that time, this paper mentioned the fact that Hagerty and Kidder had certainly seen beyond the present insight of the other three Selectmen a year ago and stated that the choice of Calabrese then would be unpopular. They further felt that Calabrese would not last.

THEY WERE ABSOLUTELY RIGHT.

Two weeks ago, when Calabrese handed in his resignation, the Selectmen were faced with the arduous task of finding a new and efficient T.M. No mean task in itself, when one realizes the effort and time involved to find a man who was to be a guiding influence of this town of 12,000 people.

Further proof of the insight shown by Hagerty and Kidder is the fact that the very man whom they wanted, last March, a year ago, is the same man whom the Board of Selectmen appointed last Monday night.

WHICH PROVES A POINT---we can't always convince people that we are right, only time can do that.

MRS. FIOLA ON VACATION

Mrs. Josephine Fiola of Ayotte Street is currently enjoying a two weeks vacation from her employment at North Reading Sanitarium.

There will be a Grange Fair meeting on Tuesday July 22 at the Grange Hall. All members are requested to attend as it is hoped that this will be the largest Fair held, and the cooperation of all members is needed.

TALK OF THE TOWN

By HANK FILIPPONE

The Democratic Committee cook-out at the home of Rene LaRivee, on Concord Street, next month, will have a large number of prominent Public Figures. Confirmation of acceptance of invitations have already been received, and it is estimated that a large gathering will attend. Speaking of cook-outs, State Representative Thomas Donohue will hold one for the Town Democrat Committee next Saturday night, at his home. The town committee has already accepted the invitation and it seems certain that Rep. Donohue will have quite a lawnfull.

To mention one more cook-out-----The American Legion Post 136 will hold their third annual cook-out at the Town Park, Sunday, August 2nd. Barbecued Chicken, watermelons, corn on the cob, hot dogs and tonic, will be the menu feature, with games, races and events scheduled to round off a pleasant afternoon. Tickets may be obtained by any A.L. member.

And a hearty well wish to Jack Madigan who never gives up. His wife Muriel gave birth to their sixth child, a daughter. Jack and Muriel have already had five sons.

For you curious people who, are wondering what is going on at Perry's Corner, it is just a manhole going into the ground for public utilities convenience.

The choice of Health Agent Patrick Thibeau as acting Town Manager for the next two weeks has been a popular one. Mr. Thibeau has filled his office capably during his employment here in town, and does have an asset that is sure to meet with approval, a pleasing personality.

Tony Joannides, formerly of the Country Style Do-Nut Shop at the square is receiving the well wishes of his former customers at his new Seafood Stop in Tewksbury. You can take it from this writer (who knows) that the food he serves is plentiful and GOOD. We'll see you there, one time or another.

Six citizens of Carter Lane visited the Town Hall last Monday night, in an effort to find the reason for the town not hardtopping their street, since the money had been appropriated. Their appointment was scheduled for 8:45 p.m. but after waiting until 10:15, they gave up without getting into the Brown Room with the Green Door.

ITALY, TEXAS, NEWS-HERALD:

"Too many of our high school graduates go on to college with no idea about what they want to make of themselves. Some go because it is the thing to do; others because they can get a few more years of loafing at the expense of their parents. As a result, many of them come out with a degree that has no meaning, yet they expect it to open the door to a high-salaried job."

BUFFALO, WYOMING, BULLETIN:

"If you are an average American motorist, driving your car 10,000 miles a year, your personal transportation bill came to \$1,078 in 1958, an American Automobile Association survey finds. Biggest item--\$565--is depreciation."

HAGERSTOWN, MARYLAND, MORNING HERALD:

"Somewhere around 15 per cent of all personal income in the nation is paid out now for nonwork. That includes social security payments, life insurance, private pensions, dividends, interest and rent, and various payments under federal, state and local programs."

"Not working obviously has become big business in the United States. And it seems destined to get bigger still!"

WEST BRANCH, IOWA, TIMES:

"Fellows who drive with one hand are usually headed for a church aisle. Some will walk down it--others will be carried."

PORT HURON, MICHIGAN, TIMES-HERALD:

"We realize that a big country cannot be run by a small government--you can't operate an automobile factory with a sewing machine motor... But bigness is not, and never was, an excuse for inefficient, wasteful spending--YOU have a right to demand that every dollar of the money of the taxpayers be well spent and accounted for accurately and to demand that dollars intended to be spent unnecessarily be left in the pockets of you and me and the rest of us."

PALATKA, FLORIDA, DAILY NEWS:

"Everytime an incident such as the plastic bag deaths happen the public becomes a mob raving for legislation to end the 'killers'. It never occurs to us that it couldn't happen if some parent had been on the ball. We can't expect legislation to cover for our individual neglect."

RICH SQUARE, NORTH CAROLINA, THE TIMES-NEWS:

"Used to be it was a pitiful thing, with some connotation of shame and disgrace, for a person to fall upon such evil days that one sought public aid--But in this day of wholesale government aid to all classes of persons, there is neither shame nor disgrace. Instead, it is becoming the accepted, if not popular, thing to do."

**DANIEL J. FINN
APPOINTED CHAIRMAN OF
1959 CRUSADE FOR
RETARDED CHILDREN**

Daniel J. Finn, prominent Boston attorney, who served as personal aide to General Douglas MacArthur in the Korean conflict, today accepted appointment as chairman of the 1959 Thanksgiving Crusade of the Massachusetts Association for Retarded Children.

Goal of the drive, which will be inaugurated on Sunday, September 27th, with a 'Day for Donnie' house-to-house campaign, is \$350,000. Thirty local units of the state organization, and a total of 100,000 volunteers, are expected to join in the drive to help 'Donnie', the poster child who is the symbol of the 140,000 retarded children in the Commonwealth. Retarded children in this area are served through programs conducted by the E. Middlesex Association for Retarded Children.

Funds realized from the annual 'Crusade' are used to provide diagnostic facilities, parent counselling, nursery and social training classes, recreation programs, camping scholarships and vocational training as direct services for mentally retarded children and their families. Contributions are also used to sponsor training programs and fellowships for individuals pursuing studies leading to careers in the various professions concerned with the problems of

mental retardation and are allocated for research projects at residential centers which provide 24 hour care for the retarded and serve as bases for study of prevention of this handicapping condition.

Attorney Finn, who previously served as chairman of the annual Crusade of the Greater Boston Association for Retarded children, issued an urgent appeal for volunteers from all parts of the state, "to enlist in this humanitarian crusade to help stamp out one of the most heartbreaking of all handicaps, which creates untold misery for the afflicted children and their families."

Finn, who is Massachusetts Civil Service Commissioner, is a graduate of Boston University and the B.U. Law School. He is currently serving as president of the all-university Alumni Association and is Boston president and a national board member of the Big Brother Association. In 1957 he was selected as one of the Ten Outstanding Young Men by the Greater Boston Junior Chamber of Commerce.

**CARNIVAL WORKERS
TO MEET TONIGHT**

At 8 p.m. tonight (Thursday) there will be a very important meeting of the Carnival workers and all who can volunteer their assistance in any way.

This is an ambitious undertaking, and requires a lot of work. The Carnival is less than two weeks away, and there is a lot of work to be done if we are to make a success of it.

We would be most grateful if any of the women in the parish would make aprons or fancywork for the Bazaar, and bring them to Villanova Hall or the Rectory. Also, donations of books in fairly good condition will be greatly appreciated, and may be brought to Villanova Hall any evening or Sunday afternoon after 1 p.m.

Women will be around this week to collect money on the chance books. If anyone has not been contacted for books, kindly call Mr. John Winters at OL8-2679.

LINE OF LOVELINESS

BY

JENI JANERICO

BEAUTY IS as beauty does. That's an old adage, but somehow I feel it's even more important today than it was back in the Victorian era. In the rush of modern living, we have more beauty implements to work with, but I'm not always sure the loveliest women are those who use the greatest number of cosmetics. The women men admire most are usually those who seem to use extra care—in the way they look, and also in the way they treat others. Neatness is a virtue, for instance—but did you ever find a truly happy husband in an atmosphere where his ash-tray is emptied every five minutes, his sofa-pillows snatched away and patted?

I BELIEVE this kind of "inner beauty" takes time... not extra minutes, but merely the kind an orderly mind can find. Take a few extra seconds to put away your eyebrow tweezer, clean off the top of your lotion-bottle. Don't let the bathroom cabinet reflect disorder. And never, never serve breakfast before you've combed your hair!

Recently I heard homemakers who "nibble" as they prepare meals or put food away gain at least two excess ounces a day. Two ounces each day for one year add up to forty-five pounds of unnecessary weight!

Dear Editor:

Last Saturday evening, the Wildwood School Auditorium was again crowded with many happy, rockin' teenagers. The occasion was another of the Wilmington Youth Canteen's bi-weekly open dances featuring the now well known recording artists from Lowell, "Nite-Trains." The growing popularity of these dances is proof of the need for good teenage recreational facilities in this area. With this goal in mind, the Wilmington Youth Canteen, will shortly announce plans for a gala Field Day and Horse Show late this summer. Any profit realized from this activity will be used to improve and expand the Canteen's facilities and program.

In the meantime, more interested adults are needed by the Wilmington Youth Canteen to assist in its operation. For sometime now, only a mere handful of parents have been responsible for its successful program which now benefits almost 300 of the town's teenagers. Unusual is the fact that most of these people do not have eligible children of their own! They do, however, recognize that the future of this town could very well rest on the shoulders of its teenagers of today. They are also aware that the rewards of good citizenship are dependent on an unselfish attitude toward one's fellow citizens.

Interested adults may participate in this community service by contacting Mrs. Ruth Ward at OL8-4235. Interested "teens" may join in on the fun by showing up at the Canteen on Friday or Saturday nights with \$1.25 which entitles them to a year's membership.

Irving Pfau

Diet shouldn't mean starving yourself. Choose your food with common sense and care. Your doctor can outline a sensible diet that keeps you feeling fine while fat melts away. Chances are he'll recommend a vitamin supplement too. (Don't ignore this—it's important to health.) Stick to the diet he prescribes. Never say, "This little extra bite won't hurt."

Don't slip your glasses into your purse when you go to the beauty salon. Wear them while your hair is styled, so your hairdresser can analyze the changes your particular choice of glasses make in your features. Then those skilled hands can place your part, your waves, your wispy curls in just the right places to flatter the shape of your face and the shape of your "specs."

UNCOMPLIMENTARY verses used to be quoted about girls who wear glasses. Now the sunny lassie with spectacles may be the most sought-after girl of all. Modern glasses can be a pretty part of your face, not just windows over your eyes.

A four year old girl, nearly drowned at the Town Beach at Silver Lake at 2:50 p.m. on July 9.

The child, daughter of Mr. and Mrs. Charles Haines of Oakridge Rd., was found floating in the water and was brought to shore by lifeguard, Bill Hall. She was given artificial respiration by Senior Lifeguard, Bob Swanson. Firemen and Policemen sped to the scene and through an all-out effort, the child was revived and taken to St. John's Hospital.

LITTLE LEAGUE AUXILIARY TO MEET

A special meeting of the Ladies Auxiliary of the Little League has been called for Monday evening, July 20, at 8:30 p.m.

It will be held at the home of Mrs. Cappy Iovanna, 271 Glen Road, to make final plans for the double header between the mothers and fathers of the players.

All mothers, players or not, are urged to attend this meeting to help with the plans for the games which will be held on Sunday, August 2, at Little League Park at 2 p.m.

MORE DAMAGED WROUGHT BY BB GUNS

Two businessmen complained to police this week about BB guns being fired about their premises.

Altman's store was one of the targets. The front, side display window had been pierced by a shot. Employees of the Tydol Station complained that someone was firing a BB gun nearby.

Police are investigating.

Janet Condrey

In a setting of pink and white gladioli Saturday morning, Miss Janet Marthe Condrey, daughter of Mr. and Mrs. Stephen Anthony Condrey of Wilmington, became the bride of Mr. Henry Anthony Beyer, son of Mrs. Henry Beyer of Pittsburgh, Pa., and the late Mr. Beyer. The 10 o'clock nuptial mass was celebrated by the Rev. John Beyer of Pittsburgh, cousin of the bridegroom, at St. Thomas of Villanova Church in Wilmington, and a reception followed at the home of the bride's parents.

Given in marriage by her father the bride wore a gown of white silk organza fashioned with a portrait neckline, sleeves of illusion, a fitted bodice, and a dome-shaped skirt accented with a tiered motif and Alencon lace. Her veil of illusion was held in place by a matching headpiece, and she carried a cascade of bouquet of white roses, stephanotis, and phalaenopsis orchids with ivy.

Miss Judith Condrey of Wilmington was her sister's maid of honor, wearing a gown of pink organza, made with a scoop neckline and short sleeves. A wide cummerbund at the waist with a butterfly bow in the back accented her bell-shaped skirt, and her hat was a matching pink bow. She carried a cascade bouquet of pink roses and ivy.

Mr. Daniel Beyer of Pittsburgh was his brother's best man. The ushers were Mr. John Wohlheiter of Pittsburgh and Mr. William Warren Young of Baltimore, Md.

The bride is a graduate of Regis College, and the bridegroom was graduated from Duquesne University. He served as a lieutenant with the Army. Mr. and Mrs. Beyer will live in Derwood, Md.

The bride was a former English Teacher at the Wilmington High School, and the groom is employed as a physicist.

WILMINGTON WILDCATS

The Wilmington Wildcats, sponsored by the Wilmington Community Fund, are ahead in the League with the Reading and Stoneham teams. They are one-half game ahead in the league with three games left to play.

The next game will be played on Saturday, July 18 at the High School Field at 10 a.m.

Ricky Frotten is credited with 8 wins and Ronnie Outridge, the other two.

The Wildcats has missed a great player, Johnnie Cavanaugh, whose family has moved to California.

The attendance and support that has been shown the team, has been tremendous! Keep up the good work boys!

ACCIDENT ON MAIN STREET

At 10 p.m. on July 11, an accident occurred on Main St., near Weiser Street. Stephen Gendell of Main St., Tewksbury stopped in the roadway on the signal of a police officer on duty at the carnival at St. Dorothy's Grounds. When Mr. Gendell came to a stop he was struck in the rear by the vehicle being operated by Edward Costello of Cottage Street.

Slight damage was done to the rear of Gendell's vehicle and to the front of Mr. Costello's car.

Both vehicles left the scene under their own power. There were no injuries. Officer Markey investigated the incident.

WINTHROP MAN ESCAPES INJURY

Harry Solomon of 214 Shirley St., Winthrop escaped injury when the pick-up truck he was operating went out of control and struck a telephone pole on Andover Street.

The accident occurred at 1:15 p.m. on July 7, Mr. Solomon failed to negotiate a curve and skidded into the pole. The truck was severely damaged and was towed to the Wilmington Ford Plant for repairs.

Officer Kelley investigated the incident.

Wilmington Engine No. 1

EDAVILLE - FIRE MUSEUM NOW EXHIBITING OLD WILMINGTON FIRE TRUCK

The famous little old Model T Ford fire engine that was seen going to all types of fires in Wilmington years ago, is now being preserved at the National Fire Museum, Inc., at Edaville, South Carver, Mass.

It was made by Howe Fire Co. and originally used at Rutland Mass., for a number of years. It is supposed to be about the vintage of 1921. Sometime after 1923 a new engine was installed in it. The Town of Wilmington purchased it and used it for a number of years before retiring it.

It was later donated to the National Fire Museum in Newton where it was restored and is back in operating condition again.

This engine had a triplex type piston pump that was operated by a large chain driven gear. A special transmission gave it two speeds forward in place of the Ford's usual speeds, the same transmission also operating the pump. It had a tank of about 50 gallons for water to be

used in place of the old time chemical tanks which required the soda and acid. This could well be the beginning of the present day booster tanks on fire apparatus. It is a rather odd looking affair, but it is a wonderful piece of fire fight equipment and should be seen to be appreciated.

Also at Edaville are the last remaining two foot steam trains that once did both passenger and freight service in several sections of Maine in the Gay Nineties. A visit to Edaville is well worth the trip as it is both historical and educational and has items of interest for every member of the family.

Mrs. Chris Deming is shown being presented the Youth Charter by Si Cutter in behalf of the Wilmington Youth Canteen Inc. Mrs. Deming is a member of the executive board of this organization.

CONGREGATIONAL CHURCH SUMMER SCHEDULE

10 A.M. Morning Service and
Worship.

On July 19, Rev. Ralph E.
Bayes, D. D. will be the
minister at this service.

The Congregational Church in
Wilmington welcome all
friends and visitors during
the summer months and invites
you all to worship with us.

MISSIONARY SERVICE WILMINGTON BAPTIST

Rev. Douglas Spinney, mis-
sionary to the Blue Feet
Indians in the Peace River
area of northern Alberta under
the Canadian Baptist Mission
Board, will be the guest mis-
sionary speaker this Sunday
evening at the First Baptist
Church of Wilmington. The ser-
vice will begin at 7:30 p.m.;
preceding the service at 6:30
p.m. there will be an informal
reception for Mr. Spinney and
buffet supper to which every-
one is cordially invited.

Douglas Spinney comes from
an unusual Christian family.
His father is the pastor of
the South Baptist Church of
Laconia, Rev. Herman Spinney,
who was a spiritual advisor to
Wilmington Baptists when they
first began their work in this
community. Douglas' younger
brother, Herman Jr., is on the
field with him at Peace River
while two sisters, Jeanette
and Elizabeth, are missionar-
ies under the American Baptist
Convention in the Belgium Con-
go. Another sister, Muriel, is
about to prepare for mission-
ary service.

Wilmington Baptists follow
the activities of the Spinney
family with special interest,
as the father, Rev. Herman
Spinney, is the brother of
Mrs. Jennie Arbo, a member of
the church.

METHODIST STUDENT PASTOR TO PREACH

The Rev. Richard McFarland,
Student Pastor of the Wilming-
ton Methodist Church will
preach at the public service
of worship on Sunday, July 19
at 9:30 a.m. His topic will
be "What Makes Life Good?"

Mr. McFarland has been asso-
ciated with the local church
since September 1958 and is a
Senior at the Boston Univer-
sity of Theology.

A native of Iowa and a grad-
uate of Simpson college, Mr.
McFarland entered the ministry
following studies in the field
of electronics. He has been
instrumental in forming a
young adult forum in the
church, and leading the senior
high youth group in an excel-
lent program this past year.

A break in the filming of a new movie on rehabilitation filmed within the Middlesex County House of Correction, at Billerica, comes during a script conference between High Sheriff Howard Fitzpatrick, movie producer Andrew Skalkas, Deputy Sheriff John Keriakos and Deputy Master John Broklesby.

High Sheriff Fitzpatrick of the Middlesex County House of Correction in Billerica, Massachusetts, gives his good wishes to Deputy Master John Broklesby who will journey to Milwaukee to screen a new movie on rehabilitation before the national convention of the Sheriffs' Association during the week of July 13. The new color movie was filmed entirely within the House of Correction. Looking on from the right are Deputy Sheriff John Keriakos and Deputy Sheriff Edward Ryan.

THE OTHER DAY

We heard an interesting thing recently from a horticulturist. It seems that ordinary trees and plants obtain 90% of their nutrition from the air and only 10% of it from the soil. By a tree's use of the amazing agent chlorophyll the leaves absorb carbon from the air which gives it most of its substance, while the roots drink water from the soil with all of its chemical materials essential to production of more chlorophyll and growth of the tree or plant. Most trees and plants use NINE MORE elements in their growth than used by animal life, including carbon, oxygen, hydrogen, nitrogen, sulphur, phosphorus, potassium, calcium, magnesium, iron, manganese, boron, copper and zinc. After the needed elements are separated from the water taken in by the roots, the excess water is then given off by the leaves in the form of vapor. It is estimated that an ordinary elm tree of medium size will transpire up to 20,000 pounds of water in one single warm dry day. And we think of a tree as still life! Obviously there is more truth than poetry in the poem TREES, by Joyce Kilmer, wherein he says, "Only God can make a tree". Until we think of things like this we think of the maintenance and service of today's motors as complex.. and by men's standards we believe it is. That's why we are dedicated to our job of providing you with, and conscientiously taking care of your automobile.
